Patient Instructions

PLEASE BRING THIS REFERRAL WITH YOU TO YOUR TEST

BEFORE ALL TESTS

We prefer you not to take any puffers (unless otherwise instructed)

- **NO** Ventolin, Respolin, Asmol, Bricanyl for 6 hours
- **NO** Atrovent, Seretide, Serevent, Symbicort, Oxis, Foradile, Spiriva or antihistamine tablets for 12 hours
- **NO** smoking within 4 hours

BEFORE BRONCHOPROVOCATIONS TESTS

As above, plus:

- **NO** tea, coffee, chocolate or caffeinated drinks to be consumed on the test day.
- **NO** oral steroids such as Prednisolone, Prednisone or Dexamethasone for 3 days.
- **NO** Antihistamines such as Dimetapp, Benadryl, Claratyne, Zyrtec or Telfast for 3 days.

BEFORE FeNO TESTS

As for “ALL TESTS” plus:

- **NO** food or drink for one hour before your test
- **AVOID** consuming any foods high in nitrogen on the day of the test including ham, bacon, salami, strawberries, currants, raspberries, cherries, gooseberries, spinach, lettuce, beetroot, celery, chervil radish and turnip tops.

IF YOU ARE MORE BREATHLESS THAN USUAL AFTER STOPPING THE ABOVE MEDICATIONS, PLEASE CONTACT YOUR DOCTOR AND RESUME TAKING THE MEDICATIONS.
